PAVITHRA ANDE

pavithraande3@gmail.com | +91 9491837318 | Tadepalligudem, Andhra Pradesh

CAREER OBJECTIVE

Detail-oriented Data Analyst skilled in Python, SQL, and Excel, with a strong focus on data visualization. Passionate about leveraging data to support business decisions, with hands-on experience in data preprocessing, analytical modeling, and problem-solving.

EDUCATION

B.Tech, Data Science — Sri Vasavi Engineering College | 2024–2028 | **CGPA: 8.80/10**

Senior Secondary (XII) — Aditya Junior College | 2024 | 89.60%

Secondary (X) — Montessori English Medium School | 2022 | 93.00%

TRAININGS / CERTIFICATIONS

Internet of Things (IoT)
Jan 2026 – Apr 2026
NPTEL Certification, Virtual

Completed a 12-week NPTEL course covering IoT fundamentals, connected devices, sensors, communication technologies, and IoT applications. Gained an understanding of data collection, communication, and exchange in connected systems.

The Joy of Computing Using Python
Jul 2025 – Oct 2025
NPTEL Certification, Virtual

Completed a 12-week NPTEL course covering core Python concepts, problem-solving techniques, and computational thinking, with practical programming exercises.

PROJECTS

Job Market Analytics – Web Scraping to Live Dashboard | Sep 2026 – Present
Developing an automated pipeline to collect job-market data using Python and BeautifulSoup, clean and process data with Pandas, store records in PostgreSQL, and build a live dashboard using Streamlit. Successfully stored 100 job records in PostgreSQL.

Kisan Mithra | Sep 2026 – Present
Designed a digital platform to reduce intermediaries in the agricultural supply chain and connect farmers directly with buyers, with support for market information, order management, and logistics.

Zero Hunger – Surplus Food Distribution | Jul 2026 – Aug 2026
Developed a website concept to connect surplus food donors with people in need and help reduce food wastage.

Inter 2 Engineer | DTI Project | Mar 2026
Developed an application to help intermediate students understand engineering streams and career opportunities through an easy-to-use interface.

SKILLS

Python • SQL • MS Excel • Power BI • PostgreSQL • Pandas • BeautifulSoup • Streamlit • Data Visualization • Data Preprocessing • VS Code • GitHub • Public Speaking • Leadership • Time Management • Adaptability

ACHIEVEMENTS

- Secured Top 15 among 84+ teams in a 24-hour hackathon by designing and presenting a problem-solving application.
- Secured Top 5 among 60+ teams in a 7-hour hackathon.
- Secured 3rd place in the Smart India Hackathon (SIH) college-level internal hackathon.
- Awarded ■750 merit scholarship for academic excellence by securing a CGPA of 9.05 in the first year.

EXTRA-CURRICULAR ACTIVITIES

Active NSS Volunteer and participated in an NSS camp, contributing to community service activities in villages. Conducted awareness activities on E-waste management and participated in medical camps, developing teamwork, communication, leadership, and social responsibility skills.
